THE LUXURY OF CARRARA MARBLES IN VERONA

Thanks to this new location, visitors can now complete their purchasing experience right in the CERESER district.

In addition to the traditional halls for marble, travertine, onyx, granite and quartzite, CERESER has introduced a new hall that meets the demands of even the most discerning customers in terms of variety, availability and outstanding quality.

THE NEW MICHELANGELO HALL

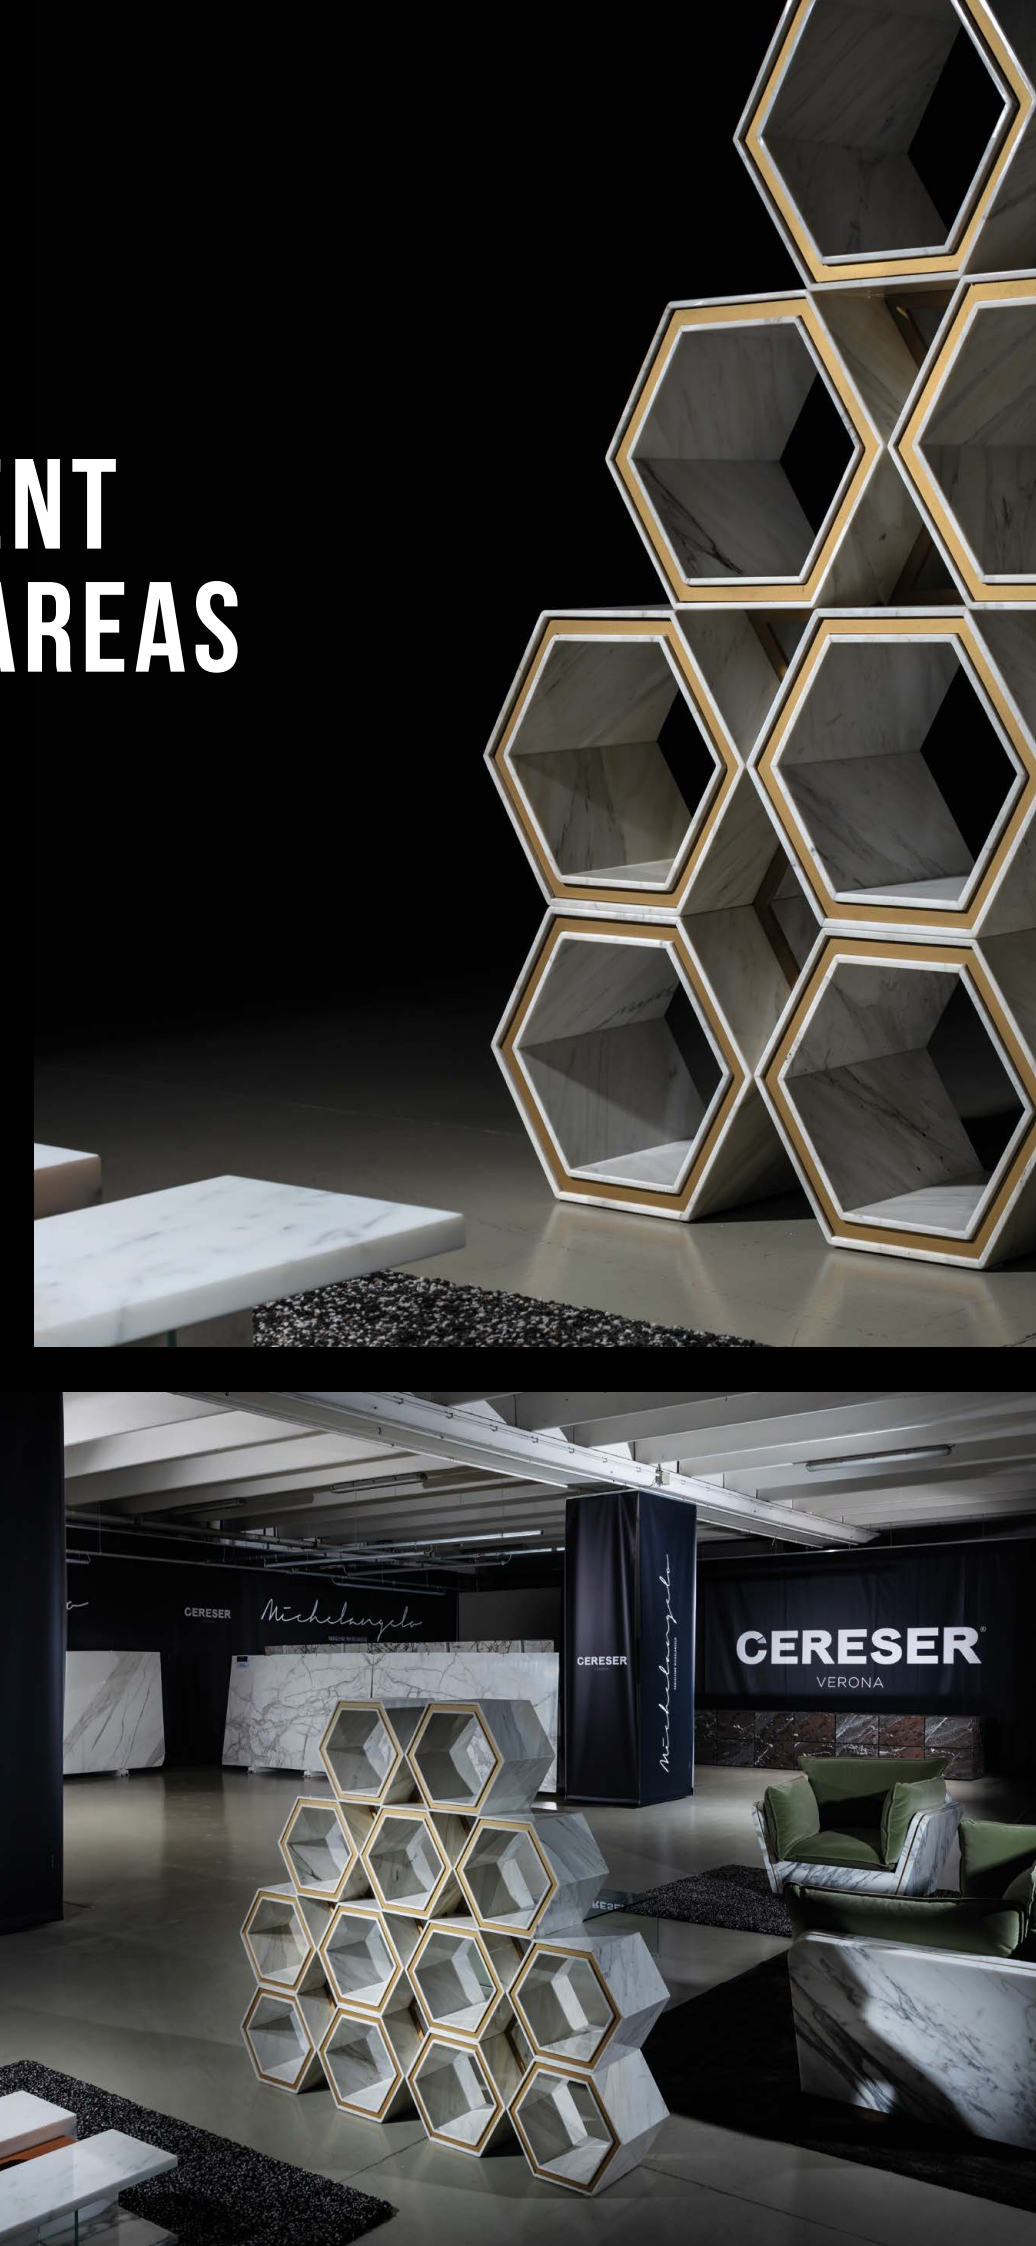

For centuries, Carrara marble has fascinated artists and designers worldwide. Its unmistakable white colour undoubtedly makes it one of the most prominent brands in the industry, the pride of Italy.

In September 2020, CERESER inaugurated its new prestigious Michelangelo Hall, entirely dedicated to the varied world of “Carrara whites”.

ONE HALL, TWO DIFFERENT EXHIBITION AREAS

Bianco, Statuario and Calacatta are just a few types of marble on display in the double showroom, consisting of two areas. The **MICHELANGELO SHOWROOM** and the **MICHELANGELO GALLERY** are located in a total area of about 2,000 square metres.

One area hosts the large slabs available in stock, whereas the other offers a display of book-matched marble, complemented with original works in “Carrara white” marble.

Visitors will be free to choose the ideal material for their project, admiring its book-matched appeal in the gallery and carefully selecting the slabs they prefer.
